

## Bow Hunting Permission Requested at

**Swatara Watershed Park** 1929 Blacks Bridge Road, Annville PA 17003

Email [JoEllenLitz15@comcast.net](mailto:JoEllenLitz15@comcast.net) or snail mail SWA, 2302 Guilford St., Lebanon PA 17046

I, \_\_\_\_\_, hereby request permission to bow hunt after the camping season closes at Swatara Watershed Park. I will hunt at my own risk, be courteous to hikers, and leave no trace (including garbage) that I was there. I will not cut down any live trees nor discard pollutants or invasive species onto the ground or into the waterways.

\_\_\_\_\_ I also request permission to erect a self-contained tree stand or blind. No nails or screws will attach to trees.

\_\_\_\_\_ I understand that the PA Game Commission requires stands erected on their land are permanently identified with the hunter's hunting license number. Swatara Watershed Association requires that the stand be identified in the same manner so we know who is the owner, and I will comply with this requirement.

\_\_\_\_\_ I will also provide a copy of my drivers and hunting license and a photo and location of my tree stand.

\_\_\_\_\_ I also understand that no more than one stand/blind total may be erected in the wooded areas (not near campsites).

\_\_\_\_\_ Further, I understand that while camping is shut down November 1 through April 30, the park is still open for public use, and people may still walk the trails, which may disturb hunting.
